Boston Children's Hospital

The Annual Reports of Boston Children's Hospital

The Boston Children's Hospital Archives Program is pleased to announce the digitization of the Children's Hospital, Wellesley Convalescent Home and Infant's Hospital Annual Reports Collections. The "Annual Report of the Children's Hospital" was produced annually from 1869 – 1945 and sporadically thereafter. By 1978, it was discontinued in favor of "Children's World: Year in Review." These reports provide a pivotal record of the hospital's early activities and the growth of the field of pediatrics.

The Wellesley Convalescent Home Annual Reports date from 1899 – 1949. Reports from 1870-1898 were included within the Children's Hospital Annual Reports.

The Infant's Hospital Annual Reports span from its founding in 1882 – 1949. After 1949, Infant's and Children's Hospitals merged into the Children's Hospital Medical Center.

We would like to thank the Massachusetts Board of Library Commissioners, Digital Commonwealth and the Boston Public Library for their generosity in scanning these items free of charge. This project was made possible by a federal grant from the Library Services and Technology Act.
