

*The Children's Hospital Boston Developmental Medicine Forum
cordially invites you to a free feature presentation by*

William J. Barbaresi, MD

*Director, Developmental Medicine Center and Associate Chief,
Division of Developmental Medicine*

Attention-Deficit/Hyperactivity Disorder: An Overview for Parents and Individuals Living with AD/HD

Dr. Barbaresi will provide an overview of current information on the nature of AD/HD, as well as current approaches to diagnosis and treatment. He will include information from his research over the past 13 years on the long-term outcomes for children affected by AD/HD, including research findings on effective treatment. In addition, answers to parent's questions about the diagnosis, treatment and long-term outcomes for children affected by AD/HD will be discussed.

Wednesday, October 7, 2009
