

The Chew Crew!!

PARENT-CHILD FEEDING GROUP

ONCE WEEKLY: 12:15-1:45

Oral Motor/Feeding Group

Early Intervention (ages 0-3)
Speech Therapists support:

- Sensory exploration in play, cooking and eating
- Oral motor exercises
- Feeding and food choice strategies
- Shared parent-to-parent and clinician practice with feeding skills in group and home settings.

We use exploration and play activities provide families fun opportunities that build on current food and feeding skills.

Children's Community Early Intervention Program

Martha Eliot Health Center

75 Bickford St.

Jamaica Plain, MA 02130
