Arriving to your appointment on time

We care for so many patients that we really appreciate your timely arrival. Traffic in our area can be challenging, especially during rush hour. Please allow ample time to arrive.

No-Show policy

Our goal is to schedule timely appointments as close as possible to the dates desired by our patients. Please help us by canceling, with a 24-hour notice, any appointment that you are unable to keep, so that another patient may take your time-slot.

To cancel, simply call the phone number written to the left. If no number is written there, call the number for the location and/or service you are scheduled to visit (see the blue box above).
