BIOGRAPHICAL SKETCH

Dr. Rita Teele is a pioneer of pediatric ultrasound and is currently a member of the Radiology Department at Starship Children's Hospital in Auckland, New Zealand and a Staff Radiologist at Children's Hospital Boston.

Dr. Rita Teele graduated from Boston University with a B.A. and an M.D. in 1970. She was a radiology resident at Boston City Hospital from 1971-1975 and completed a one year fellowship in radiology at Children's Hospital Boston, as well as a clinical fellowship at Harvard Medical School from 1975-1976.

Teele became an instructor of radiology at Harvard Medical School in 1976, assistant professor in 1979 and associate professor in 1987. From 1988-89, she was a visiting associate professor at the University of Otago, Dunedin, New Zealand, where she and her family subsequently emigrated in 1992. Dr. Rita Teele became professor of radiology at the Christchurch School of Medicine, under the auspices of the University of Otago. She was also named honorary professor of anatomy at the University of Auckland.

Dr. Rita Teele has written close to one hundred journal articles on pediatric ultrasonography, as well as numerous book chapters and conference proceedings. She has held over sixty visiting professorships and is coauthor of over a dozen educational computer software programs. She created and co-edited "Ultrasonography of Infants and Children" in 1991.

She is the recipient of the Charles A. Janeway Award for teaching from Children's Hospital Boston, the Colleges of Medicine of South Africa (CMSA) Award for best teacher in Radiology, the Douglas Richardson Award, and is also the recipient of several educational grants from the Medical Education Trust, Otago, New Zealand.

Biographic information taken from: *Pediatric Radiology*. Vol. 35, Supplement 1, p. s31.

SCOPE AND CONTENT NOTE

The collection consists of Dr. Teele's professional papers that include her writings, research, correspondence, notes, lantern slides, videos, and other materials she collected as a radiologist at Children's Hospital. The materials are arranged alphabetically, with the exception of audiovisual materials, which have been placed at the end of the collection.
