

Sponsored by Medicine Patient Services
Boston Children's Hospital

Professional Development Programming Fee Schedule

2 hour program: \$500.00
3 hour program: \$750.00
4 hour program: \$1000.00
5 hour program: \$1250.00

Once your days agenda has been confirmed you will receive a letter of agreement and an invoice based on that agenda. You will then need to generate a purchase order for the day which needs to be on file before the date of your professional day. Once the professional day has taken place you will receive the final invoice.

For professional development days held at Boston Children's Hospital, food & beverage is optional for an additional fee. Also reduced rate parking vouchers for an area garage can be purchased.

REDUCE YOUR COSTS!

Collaborate with other school systems if you have the same date for your professional day.
