The Safety Store Catalog

Boston Children's Hospital
Until every child is well
The Safety Store at Boston Children's Hospital
Our Mission

Unintentional injuries are the leading cause of death and disability in children in the United States. Luckily, most childhood injuries are preventable.

At Boston Children's Hospital, the Trauma Center's Injury Prevention Program is dedicated to reducing the rate of injuries through research and public education.

We strive to increase access to injury prevention education and safety products. Through the Safety Store, located in the lobby of the main campus, we are able to provide these discounted safety products to you.
How it works...

Not able to come down when the store is open? Check out our products here and order for pick-up by phone or through email.*

Simple. Fast. Easy

For questions or to make an order, please contact the Injury Prevention Program at (617) 355-7332 or injurypreventionprogram@childrens.harvard.edu

For event information and safety tips, like us on Facebook at www.facebook.com/bchinjuryprevention

*Items available are subject to change
HELMETS

Please specify size and type when ordering helmets
*We do our best to provide a variety of colors and sizes, but we cannot guarantee availability of any color or pattern
