COVID-19 Safety Precautions

Offsite BCH Foundation/Sponsored Events

Masking is no longer required at offsite BCH sponsored events. Offsite events must follow the guidelines of the venue and the community in which the event is located. If attendees are up-to-date on their COVID-19 vaccine series, they may be unmasked and are able to eat and drink without physical distancing. Attendees that are not up-to-date on their vaccination series need to remain masked and to remain 6 feet away from other people while eating or drinking.
