

Transition to Adult Healthcare - Neurology

The transition from pediatric to adult healthcare is a crucial milestone in your healthcare journey. As part of our commitment to deliver comprehensive care, we aim to provide you with guidance to initiate this process and emphasize the importance of beginning early. Please see our list of resources for those currently accepting new neurology patients:

Brigham & Women's Hospital – Department of Neurology

Hale Building for Transformative Medicine on BWH Main Campus, 60 Fenwood Road

Phone: 617-638-8456

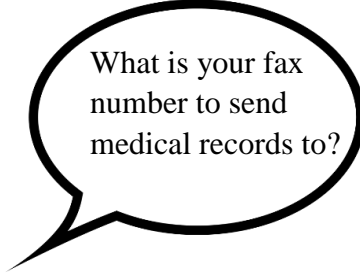

541 Main Street, Suite 317 Weymouth, MA 02190 Boston University Neurology Associates

Phone: 617-638-9944

For more information please visit - <https://www.bmc.org/neurology>

These suggestions are in close proximity to BCH Boston Campus, if there is an alternative facility closer to home, please schedule at your convenience. You may also contact your PCP for adult neurology suggestions.

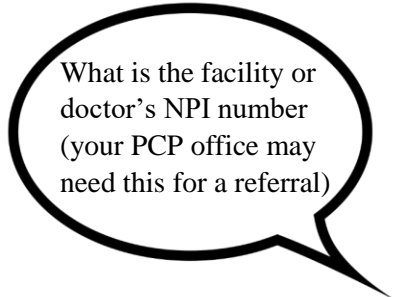

Important items to ask while scheduling your new appointment...

What is your fax number to send medical records to?

What medical records will be most important for your review?

What is the facility or doctor's NPI number (your PCP office may need this for a referral)

You have a new Adult Neurology appointment booked... now what?

1. Let your current provider team know of your new appointment. We may encourage scheduling one last appointment to complete the transfer of care.
2. Contact our medical records department at [\(617\) 355-7546](tel:6173557546) to initiate a transfer of records to your new provider. More information - <https://www.childrenshospital.org/patient-resources/your-visit/medical-records>
3. Check your medications to ensure you have enough supply between now & your new appointment.
4. If questions for your BCH Neurologist do arise in the meantime, please do not hesitate to contact our office via portal or phone.
