Request New Account	
	-

- 2. Select the appropriate new account request option based on your organization.
 - If your organization does not currently have access to Boston Children's Clinician Link select "Request a new site".

• If your organization already has a site registered with Boston Children's Clinician Link and you're looking to add new users, "Add a user to an existing site" and skip to Step 4 or contact your Site Administrator.

	Create User Accounts for Your Site
	Request a new site A site represents your workplace and must exist before you can add user accounts.
8	Add a user to an existing site If someone at your workplace already has access, your workplace has a site.

- 3. Once you have selected the "Request a new site", complete the "Site Information" form.
 - All items with the red stop sign are required.

6. You will be **required** to identify at least one user that will serve as your "Site Administrator".

Site Administrator
A site administrator is the person responsible for maintaining a site's records. These responsibilities include verifying that user accounts are current, deactivating the accounts of users who are no longer active at the site, and submitting requests to activate new user accounts. Every site must have at least one administrator.
□ Make this user a site administrator

7. Once registered, users will receive an email with instructions to create their initial password and how to sign the Boston Children's Clinician Link terms and conditions.

Please reach out to <u>BCHClinicianLink@childrens.harvard.edu</u> if you have any questions.
