***THIS NOTICE DESCRIBES
HOW HEALTH INFORMATION ABOUT OUR PATIENTS MAY BE USED AND DISCLOSED AND HOW
THEY CAN GET ACCESS TO THEIR INDIVIDUALLY IDENTIFIABLE HEALTH INFORMATION.***

A. OUR COMMITMENT TO PRIVACY

Boston Children's Health Physicians, LLP (hereinafter, "BCHP") is a multispecialty medical practice. We are dedicated to maintaining the privacy of our patients' individually identifiable health information or protected health information ("PHI"). We are required by law to maintain the confidentiality of health information that identifies our patients and to provide them with this notice of our legal duties and our privacy practices concerning their PHI. This notice applies to the PHI of our adult and pediatric patients. Accordingly, use of the terms "you" and "your" in this notice applies to our patients and their PHI and to the personal representatives of our patients, e.g., the parent or guardian of a minor, the guardian of an adult who lacks legal capacity or a person authorized on behalf of a deceased patient.

We are required to furnish our patients with the important information discussed below regarding how we may use and disclose their PHI, our obligations concerning such use and disclosure, and their privacy rights concerning such information. The following briefly summarizes some important rights of patients with respect to their PHI:

- right to receive a copy of this Privacy Notice;
- right to inspect and copy certain health information;
- right to receive an accounting of certain disclosures that we make of their PHI;
- right to request restrictions on how we use and disclose PHI;
- right to be notified after a breach of any of your unsecured PHI has occurred;
- right to request amendments to the PHI;
- right to revoke an authorization that we obtained to disclose the PHI; and
- right to complain about suspected violations of their privacy rights.

The terms of this notice apply to all records containing PHI of our patients created or retained by our practice. We reserve the right to revise or amend this Notice of Privacy Practices. Any revision or amendment to this notice will be effective for all of the records that our practice has created or maintained in the past and for any records that we may create or maintain in the future. Our practice will post a copy of our current Notice in our offices in a visible location at all times, and you may request a copy of our most current Notice at any time.

C. TREATMENT, PAYMENT AND HEALTH CARE OPERATIONS

1. Treatment. Our practice may use the PHI of our patients to treat them. For example, we may disclose your PHI (or your child's PHI) as follows:

- To order laboratory tests (such as blood or urine tests), which we may use the results to help us reach a diagnosis.
- To write a prescription, or we might disclose your PHI to a pharmacy when we order a prescription for you.
- To treat or to assist others in the treatment of our patients.
- To inform you of potential treatment options or alternatives or programs.
- To others who you have given authorization to bring your child to the office and/or to consent to their treatment. For example, if you ask a relative or babysitter to bring your child to our office for treatment of a cold, the relative or babysitter may have access to the child's medical information.
- To other health care providers for purposes related to their treatment of our patients.

2. Payment. Our practice may use and disclose your PHI in order to bill and collect payment for the services and items that we provide to our patients. For example, we may disclose your PHI as follows:

- To obtain payment from other third parties that may be responsible for such costs.
- To bill you directly for services and items.
- To other health care providers and entities to assist in their billing and collection efforts.

3. Health Care Operations. Our practice may use and disclose our patients' PHI to operate our business. As examples, include, but are not limited to, the following:

- To a social worker as a part of case management.
- To contact you and remind you of appointments.
- To inform you of health-related benefits or services that may be of interest to you.
- To engage in teaching and learning activities with medical and other health profession students and trainees (e.g., for medical students, residents, nurses, technicians and others).

D. USE AND DISCLOSURE OF PHI IN CERTAIN SPECIAL CIRCUMSTANCES

The following categories describe unique scenarios in which we may use or disclose individually identifiable health information:

1. Public Health Risks. Our practice may disclose PHI to public health authorities or others that are authorized by law to collect information for the following purposes:

3. Lawsuits and Similar Proceedings. Our practice may use and disclose PHI in response to a court or administrative order if you are involved in a lawsuit or similar proceeding. We also may disclose your PHI in response to a discovery request, subpoena, or other lawful process by another party involved in the dispute where we receive satisfactory assurance that you have been notified of the request and have been given time to object and other appropriate precautions have been taken.

4. Law Enforcement. We may release PHI if asked to do so by a law enforcement official:

- Regarding a crime victim in certain situations even if we are unable to obtain the person's agreement.
- Concerning a death we believe has resulted from criminal conduct.
- Regarding criminal conduct at our offices.
- In response to a warrant, summons, court order, subpoena or similar legal process.
- To identify/locate a suspect, material witness, fugitive or missing person.

5. Victims of Abuse, Neglect or Domestic Violence. We may disclose personal health information about a child whom we reasonably believe to be a victim of abuse, neglect, exploitation or domestic violence to a government authority, including a social service or protective service agency authorized by law to receive reports of child abuse, neglect, exploitation or domestic violence. Any such disclosures will be made in accordance with applicable law.

6. Deceased Patients. Our practice may release PHI to a medical examiner or coroner to identify a deceased individual or to identify the cause of death. If necessary, we also may release information in order for funeral directors to perform their jobs.

7. Research. Our practice may use and disclose PHI for research purposes in certain limited circumstances. We will obtain your written authorization to use your PHI for research purposes except when an Internal Review Board or Privacy Board has determined that the waiver of your authorization satisfies the following: (i) the use or disclosure involves no more than a minimal risk to your privacy based on the following: (A) an adequate plan to protect the identifiers from improper use and disclosure; (B) an adequate plan to destroy the identifiers at the earliest opportunity consistent with the research (unless there is a health or research justification for retaining the identifiers or such retention is otherwise required by law); and (C) adequate written assurances that the PHI will not be re-used or disclosed to any other person or entity (except as required by law) for authorized oversight of the research study or for other research for which the use or disclosure would otherwise be permitted; (ii) the research could not practicably be conducted without the waiver; and (iii) the research could not practicably be conducted without access to and use of the PHI.

8. Fundraising Activities. We may provide basic contact information and the dates that you received treatment to the Children's Health and Research Foundation, Inc. ("<http://www.chrfoundation.net/>"), a public charity whose mission is to support and promote the health of poor children and families in New York's Hudson Valley and surrounding regions. You may be contacted to make a donation to this charity. You may opt out from receiving any fundraising communications by sending a written request to the Privacy Officer.

9. Serious Threats to Health or Safety. Our practice may use and disclose PHI when necessary to reduce or prevent a serious threat to a patient's health and safety or the health and safety of another individual or the public. Under these circumstances, we will only make disclosures to a person or organization able to help prevent the threat.

10. Workers' Compensation. Our practice may release your PHI for workers' compensation and similar programs.

11. Organ Donation. As allowed by law, we may disclose PHI to organ procurement organizations for organ, eye or tissue donation purposes.

12. Business Associates. There are some services that we provide through contracts with our business associates who work on our behalf. In such situations, we may disclose PHI to our business associates so that they can perform the jobs we asked them to do. We require all business associates to execute an agreement that requires them to comply with the HIPAA privacy requirements to safeguard your PHI.

13. Compliance. We are required to disclose PHI to the Secretary of the Department of Health and Human Services or his/[her](#) designee upon request to investigate our compliance with HIPAA or to you upon request pursuant to Section E.3 below.

14. Appointment Reminders. We may use or disclose your PHI to contact you to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that we believe may be of interest to you. We may remind you of appointments by mailing a postcard to you at the address provided by you or by telephoning your home and leaving a message on your answering machine or with the individual answering the phone. These appointment reminders will disclose the patient's name, address and the time, date and location of the appointment.

15. Required by Law. In addition to those uses and disclosures listed above, we may use and disclose PHI if and to the extent we are otherwise required by law.

E. RIGHTS REGARDING YOUR PHI

You have the following rights regarding your PHI that we maintain:

1. Confidential Communications. You have the right to request that our practice communicate with you about your health and related issues in a particular manner or at a certain location using alternative mailing addresses or telephone numbers. For instance, you may ask us not to contact you [at](#) work. In order to request a type of confidential communication, you must make a written request to the [Privacy Officer](#), specifying the requested method of contact, or the location where you wish to be contacted. Our practice will accommodate reasonable requests. You do not need to give a reason for your request.

2. Requesting Restrictions. You have the right to request a restriction in our use or disclosure of your PHI for treatment, payment or health care operations. Additionally, you have the right to request that we restrict our disclosure of your PHI to only certain individuals involved in your care or the payment for care, such as family members and friends. **Generally, we are not required to agree to your request, but, if we do agree, we are bound by our agreement, except when otherwise required by law, in emergencies, or when the information is necessary for treatment.** We must honor your request to restrict disclosure to a health plan if you pay your bill without use of insurance. If your bill is paid in full directly by you or another on your behalf on an "out-of-pocket" basis without submission of a claim to an insurer, you may request that BCHP restrict the disclosure of your PHI to your health plan and BCHP will honor your request. In order to request a restriction in our use or disclosure of your PHI, you must make your request in writing to the Privacy Officer. Your request must describe in a clear and concise fashion:

- the information that you wish to be restricted;
- whether you are requesting to limit our practice's use, disclosure or both; and
- to whom you want the limits to apply.

3. Inspection and Copies. You have the right to inspect and obtain a copy of the PHI that may be used to make decisions about you, including patient medical records and billing records, but not including psychotherapy notes. Upon request, we will provide access to your records that are maintained in electronic form if they are

readily available in that format. You must submit your request in writing to the Privacy Officer in order to inspect and/or obtain a copy of your PHI. Our practice may charge a fee for the costs of copying, mailing, labor and supplies associated with your request. Our practice may deny your request to inspect and/or copy in certain limited circumstances; however, you may request a review of our denial. In that case, another health care provider chosen by us who was not involved in denying your original request will review your request and the denial.

4. Amendment. You may ask us to amend your PHI if you believe it is incorrect or incomplete, and you may request an amendment for as long as the information is kept by or for our practice. To request an amendment, your request must be made in writing and submitted to the Privacy Officer. You must provide us with a reason that supports your request for amendment. Our practice will deny your request if you fail to submit your request and the supporting reasons in writing. Also, we may deny your request if you ask us to amend information that is in our opinion: (a) accurate and complete; (b) not part of the PHI kept by or for the practice; (c) not part of the PHI which you would be permitted to inspect and copy; or (d) not created by our practice, unless the individual or entity that created the information is not available to amend the information.

5. Accounting of Disclosures. All of our patients have the right to request an “accounting of disclosures.” An “accounting of disclosures” is a list of certain non-routine disclosures our practice has made of our patients’ PHI for non-treatment, non-payment or non-operations purposes. Use of your PHI as part of the routine patient care in our practice is not required to be documented. Examples include the doctor sharing information with the nurse or the billing department using your information to file your insurance claim. We also will not provide an accounting of disclosures made to you, or incident to a use or disclosure we are permitted to make as described above, or pursuant to an authorization. In order to obtain an accounting of disclosures, you must submit your request in writing to the Privacy Officer. All requests for an “accounting of disclosures” must state a time period, which may not be longer than six (6) years from the date of disclosure and may not include dates before April 14, 2003. The first list you request within a 12-month period is free of charge, but our practice may charge you for additional lists within the same 12-month period. Our practice will notify you of the costs involved with additional requests, and you may withdraw your request in writing before you incur any costs.

6. Right to a Paper Copy of This Notice. You are entitled to receive a paper copy of our Notice of Privacy Practices. You may ask us to give you a copy of this notice at any time. To obtain a paper copy of this notice, contact the Privacy Officer.

7. Right to File a Complaint. If you believe your privacy rights have been violated, you may file a complaint with our practice or with the Secretary of the Department of Health and Human Services. To file a complaint with our practice, contact our Privacy Officer. All complaints must be submitted in writing. You will not be penalized for filing a complaint.

8. Breach Notification. You have the right to be notified after a breach of your unsecured PHI has occurred.

9. Right to Provide an Authorization for Other Uses and Disclosures. Our practice will obtain your written authorization for uses and disclosures that are not identified by this notice or permitted by applicable law. Without limiting the foregoing, BCHP will not use or disclose your PHI without your written authorization for marketing or to sell your PHI. Our practice also will not use or disclose psychotherapy notes other than as explained in section F.2. below. Any authorization you provide to us regarding the use and disclosure of your PHI may be revoked at any time in writing but will not apply to uses or disclosures made prior to our receipt of such revocation. The revocation is not effective with respect to actions we took in reliance on your authorization, or where the authorization was obtained as a condition of obtaining insurance coverage for your care. After you revoke your authorization, we will no longer use or disclose your PHI for the reasons described

in the authorization. Please note that we are required to retain records of your care.
