TALKING AND FEELING

- Try to give choices. Allow your child to choose between 2 good options, such as a banana or an apple, or 2 favorite books.
- Know that it is normal for your child to be anxious around new people. Be sure to comfort your child.
- Take time for yourself and your partner.
- Get support from other parents.
- Show your child how to use words.
  - Use simple, clear phrases to talk to your child.
  - Use simple words to talk about a book’s pictures when reading.
  - Use words to describe your child’s feelings.
  - Describe your child’s gestures with words.

A GOOD NIGHT’S SLEEP

- Put your child to bed at the same time every night. Early is better.
- Make the hour before bedtime loving and calm.
- Have a simple bedtime routine that includes a book.
- Try to tuck in your child when he is drowsy but still awake.
- Don’t give your child a bottle in bed.
- Don’t put a TV, computer, tablet, or smartphone in your child’s bedroom.
- Avoid giving your child enjoyable attention if he wakes during the night. Use words to reassure and give a blanket or toy to hold for comfort.

TANTRUMS AND DISCIPLINE

- Use distraction to stop tantrums when you can.
- Praise your child when she does what you ask her to do and for what she can accomplish.
- Set limits and use discipline to teach and protect your child, not to punish her.
- Limit the need to say “No!” by making your home and yard safe for play.
- Teach your child not to hit, bite, or hurt other people.
- Be a role model.

HEALTHY TEETH

- Take your child for a first dental visit if you have not done so.
- Brush your child’s teeth twice each day with a small smear of fluoridated toothpaste, no more than a grain of rice.
- Wean your child from the bottle.
- Brush your own teeth. Avoid sharing cups and spoons with your child. Don’t clean her pacifier in your mouth.
