

PARENTS AND CAREGIVERS OF CHILDREN 18–36 MONTHS OLD

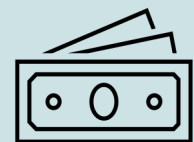

- We are inviting young children and their caregivers to participate in an interactive, play-based developmental screening test.
- The session will be recorded for educational and training purposes.
- The visit will be located at 1 Autumn Street Boston, MA 02215 and will be about 30–45 minutes long.

We invite children of all developmental levels to participate

Children will receive a gift bag with age-appropriate toys for participation

We will provide parking vouchers

Please contact the RITA-T Team (Roula Choueiri, MD, and Valerie Tokatli, BA) at RITA-T@childrens.harvard.edu with any questions or if you are interested in participating!
