Upcoming Event January 28: Please Join Us for the PRADA Medical Student Panel

PRADA's Health Disparities and Inclusion and Pre-Med subcommittees have assembled a medical student panel. The panel is comprised of a diverse group of current medical students. These students will be sharing their stories, particularly their journey to medical school, and the challenges they have faced along the way. This event will provide awareness on how access to medical education can be limited. This is a great opportunity to become more informed about diversity and its role in medicine!

When: Jan. 28th 1:00PM – 2:00PM

Where: Karp 7

Upcoming Event January 29: January 2020 Book Club!

In *Devices and Desires*, Andrea Tone breaks new ground by showing what it was really like to buy, produce, and use contraceptives during a century of profound social and technological change. A down-and-out sausage-casing worker by day who turned surplus animal intestines into a million-dollar condom enterprise at night; inventors who fashioned cervical caps out of watch springs; and a mother of six who kissed photographs of the inventor of the Pill -- these are just a few of the individuals who make up this riveting story.

When: Wednesday, January 29th, 12-1pm

Where: Karp 7 Conference Room

**Upcoming Event January 31:
BTRG - Acing the PhD Program Interview**

Applied to PhD programs with an interview component and lost on how to prepare? Join PRADA Basic and Translational Research Group's interactive session with research fellow Dr. Shane Hegarty and HMS graduate student Manav Gupta, who will help you to make your impression on the admissions committee.

When: 1/31/2020, 11:30am-12:30pm.

*Where: Karp Family Research Building, 5th floor conference room
Lunch will be served.*

**Upcoming Event February 5:
Professional Development & Internal Mobility Seminar**

Please join us on **Wednesday, February 5th from 12-1pm in the Patient Entertainment Center** for a seminar on Early-Career Professional Development, Internal Mobility, and making the most of your connections here at Boston Children's Hospital. This event will be co-hosted with members from Boston Children's Human Resources Department, and will include discussions on: assessing the alignment between one's current role and long-term career goals, troubleshooting common workplace issues, strategies for developing mentor-mentee relationships, and navigating institutional career ladders and transitions. Our intention is for this event to serve as an informal, supportive platform for research assistants who may be seeking guidance on a range of topics, or simply curious about how to navigate the research career landscape during their time here at Boston Children's.

As with all PRADA events, all are welcome, and lunch will be served!
